

Get Paid to Start Your New Career as a Medical Assistant

Apply for an FRCC Apprenticeship!

If you're interested in becoming a medical assistant, FRCC offers an apprenticeship pathway in addition to our traditional [medical assistant program](#).

Becoming an apprentice gives you the opportunity to earn while you learn. Apprenticeships also provide you a competitive advantage in the workforce, as well as wage increases and opportunities for career advancement.

Medical Assistant Apprenticeship

- FRCC can connect you with health care employers that are hiring medical assistant apprentices. You then apply for an apprenticeship directly with the employer.
- Complete this hands-on program in just five months.
- Get the on-the-job training you need—while you complete your coursework.
- Work in an outpatient clinic as an apprentice—with a certified medical assistant who supports your training on the job.
- Earn your Certified Clinical Medical Assistant certificate, an industry recognized credential required for most medical assisting jobs.

Get Paid to Train

As an apprentice, you get paid for the time you spend learning key skills to launch your new career. Plus, many of FRCC's health care partners help pay a portion of tuition for apprentices.

A Clear Path to Immediate Employment

Apprenticeships make the road from school to work smooth and seamless. After completing their apprenticeship, 94% of FRCC apprentices continue their employment with our health care partners.

Graduates of our program also receive:

- A nationally recognized certificate from the US Department of Labor
- A Certified Clinical Medical Assistant certification
- A Medical Assistant certificate from FRCC

A Long-Term Career

The health care industry is growing and medical assistants are in demand.

During your apprenticeship, you'll qualify for two wage increases as you progress through the program. Once you complete an apprenticeship, you'll qualify to earn higher wages—and you'll be more competitive for jobs (or promotions at work).

Training You Can Afford

FRCC's tuition is affordable. We also have grant funds to support students with:

- books and exam fees
- transportation costs
- childcare reimbursement
- supplies needed for on-the-job learning

All with wraparound support to help you reach your goals.

Our Partners

100% of people who have successfully completed an apprenticeship through FRCC have passed their national exam

The apprentice program combines book knowledge with real-life experience. I'm learning things in a real clinic with real patients, instead of only studying theories in a textbook. I feel well prepared to enter the workforce.

Chelsea Coggins
FRCC Medical Assisting Graduate

94% of FRCC apprentices continue their employment with our health care partners.

1,746 job openings per year in Colorado for medical assistants

I have a full-time job because of this opportunity. I acquired so many new skills through this apprenticeship and I really enjoy my new career.

Laura Seitz
FRCC Medical Assistant Graduate

Want to Learn More?

Join us for a virtual information session. We meet online:

- Second Wednesday of each month
- 6 p.m. – 7 p.m.
- [Register here to join us on Zoom.](#)

We'll tell you about job openings! Once you attend an information session, FRCC will notify you whenever our health care employers are hiring apprentices.

Interested individuals will apply directly with participating employers.
